Coloplast A/S**Page 2 of 2  
Version 1  
18/01/2002

ANSI Z400.1-1995

**8. Exposure controls/personal protection**

Eye/face protection	None required
Skin protection	None required
Respiratory protection	None required

**9. Physical and chemical properties**

Appearance	Bandage
Flash point	Not relevant
Boiling point	Not relevant
Solubility	Not relevant
Odor	None.

**10. Stability and reactivity**

The product is stable under ambient conditions.

**11. Toxicological information**

Toxicological data have not been determined specifically for this product. However, based on toxicological knowledge about the components the product is considered as non-toxic.  
For further information please contact Coloplast A/S at the telephone number found in section 1.

**12. Ecological information**

Ecotoxicological data have not been determined specifically for this product. However, based on knowledge about ecotoxicity of the components the product is not toxic to the environment. The product is not biodegradable.  
For further information please contact Coloplast A/S at the telephone number found in section 1.

**13. Disposal considerations**

The product may be disposed of together with other household waste.

**14. Transport information**

UN no.	None
ADR	None
IMDG	None

**15. Regulatory information**

United States (TSCA)	All ingredients are on the inventory or exempt from listing.
Canada (DSL)	All ingredients are on the inventory.

**16. Other information**

Demands as to education	None
