

Scalpel Blades - Carbon and Stainless Steel

McKesson Disposable Surgical Blades feature a sharp cutting edge for superior cutting and clean incisions. They are intended for use with #3 or #4 fitted, autoclaveable handles. Each blade is produced from high quality, durable carbon steel or stainless steel. Carbon steel blades hold their edges longer throughout the procedure, while stainless steel blades are sharper at the beginning of the procedure.

Features and Benefits

- Disposable to help eliminate cross contamination
- Sterile, individually-packaged and sealed in peel-open foil pack
- Intended for use with #3 or #4 fitted autoclaveable handles
- Size is clearly engraved onto each blade for easy identification
- Not made with natural rubber latex

Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

Never Compromise on CareSM

With McKesson Brands, you'll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee. We have decades of experience in the market, and we offer you support and work to help ensure you have the products you need, when you need them—making it even easier for you to provide the best care for your patients.

The product information contained in this document, including the product images and additional product materials, was collected from various supplier sources. All product claims and specifications are those of the product suppliers and have not been independently verified by McKesson Medical-Surgical or its affiliates ("McKesson").
