

Yes, you can.®

The Invacare® Platinum® Mobile Oxygen Concentrator

DESIGNED TO WEATHER EVERYDAY LIFE.

INTRODUCING THE FIRST PORTABLE OXYGEN CONCENTRATOR DESIGNED TO WEATHER EVERYDAY LIFE.

The Invacare Platinum Mobile Oxygen Concentrator was designed to pass the tests of daily life—weathering varying climates and daily bumps, this POC is designed for your patients. We brought in design elements to provide simplified maintenance, faster serviceability, and better ROI to help you weather everyday life, too.

BUILT WITH ADVANCED SENSI-PULSE TECHNOLOGY

Invacare Sensi-Pulse technology adjusts automatically to deliver the right amount of oxygen for your patients.

YOU NEED A CONCENTRATOR DESIGNED FOR SIMPLE MAINTENANCE

INTEGRATED PARTICLE FILTER

A particle filter is integrated into the carrying bag for easy cleaning and extra protection.

EASY ACCESS OUTLET FILTER

HEPA filter is conveniently positioned on the outside of the unit for easy access.

SINGLE BATTERY SKU

Standard battery sizes make purchasing easier and require less parts inventory.

YOUR PATIENTS NEED A PORTABLE OXYGEN CONCENTRATOR THAT IS EVERYDAY-LIFE-RESISTANT.

WATER-RESISTANT

- Downward facing charging port and vents, reinforced seals on battery door, and integrated drainage channels built into bag easily repel moisture and water
- Meets IP22 water resistance standard for exposure up to 10 min. of rain.

RUGGED DESIGN

- Reinforced bumpers and cushions help protect unit and lessen everyday bumps
- Foam encapsulated compressor
- Latch-free doors for shock dissipation

TEMPERATURE TOLERANCE

- High quality tubing resists degradation
- Dual intakes and exhausts maximize heat dissipation, allowing POC to function up to 104° F
- Can be stored in temperature as low as -13° F and high as 140° F with no impact to functionality once brought back to room temperature

PRACTICAL INNOVATION

- 3-way convertible carrying case for messenger, backpack or purse style carrying
- Hot swap, top load batteries without taking off the bag
- Easily see battery charge levels with the built-in visual indicators
- Simple user interface- operates with only 4 large buttons

sold separately

POWER TO SPARE

Top-load batteries can be hot-swapped. Convenient desktop charger plugs into a wall outlet and ensures patients have a charged, ready-to-use battery when on the go.

SIMPLE INTERFACE

Large buttons and back-lit LCD screen are easy to see and understand, and are sealed for water-resistance*.

Refer to Owner's Manual for product specifications and product use.

* Meets IP22 water resistance standard for exposure up to 10 minutes
