P. 2**MATERIAL SAFETY DATA SHEET**
Eucerin Original Moisturizing Lotion**7. Handling and Storage**

Storage Temperature.....40 – 90 degrees F
Handling/Storage.....Protect from freezing or extreme heat
Ventilation requirements.....General
Sensitivity to static electricity.....None
Sensitivity to mechanical impact.....None

8. Exposure Controls

Ventilation requirements.....General
Eye protection.....Wear Safety Glasses
Glove Requirements.....Not normally required
Respirator requirements.....Not normally required

9. Physical and Chemical Properties

Appearance.....White Lotion with characteristic odor
Flash Point.....NA

10. Stability and Reactivity

Stability.....Stable at ordinary conditions of storage and handling
Incompatibility.....Oxidizing agent
Hazardous decomposition.....Carbon Dioxide/Carbon Monoxide
Hazardous Polymerization.....Will not occur
Conditions to avoid.....Keep away from extreme heat

11. Toxicological Information

Major component.....Water
Product Toxicology.....Not a dermal irritant or sensitizer
May cause slight eye irritation

12. Transportation Requirements

Hazardous classification.....Not DOT regulated

13. Other

MSDS Date of Issuance.....January 2002
For information.....203-563-5800
