

Safety Data Sheet

Moisturizing Oral Gel

Section 1. Identification

Product Identifier

lentifier Moisturizing Oral Gel

Synonyms

MDS096803; MDS096805; MSD_SDS0358

Manufacturer Stock

Recommended use

MDS096803; MDS096805

Numbers

Oral moisturizer for treatment of dry mouth.

Hazards not Otherwise

Classified

Other Hazards not Contributing to the Classification:

This SDS is designed for workplace employees, emergency personnel and for

other conditions and situations where there is a greater potential for large-scale or prolonged exposure. For consumer use, all required precautionary and first aid language is provided on the product label in

accordance with the applicable government regulations.

Section 3. Ingredients

CAS Ingredient Name Weight %

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First-Aid Measures

First-Aid Measures Never give anything by mouth to an unconscious person. If you feel unwell,

General: seek medical advice (show the label where possible).

Eye Contact: Rinse immediately with plenty of water. Obtain medical attention if pain,

blinking or redness persist.

Skin Contact: Unlikely, due to the physical form of the product. If irritation occurs, remove

affected clothing and wash all exposed skin area with mild soap and water,

followed by warm water rinse.

Inhalation: Unlikely, due to the physical form of the product. Assure fresh air breathing.

Allow the victim to rest.

Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention. Ingestion:

Most important symptoms Symptoms/Injuries:

delayed:

and effects, both acute and Not expected to present a significant hazard under anticipated conditions of

normal use.

Indication of immediate medical attention and special treatment needed: Treat symptomatically

Section 5. Fire Fighting Measures

Suitable Extinguishing

Media

In case of fire, use foam. dry powder. carbon dioxide. water spray. sand.

Unsuitable Extinguishing

Media

No unsuitable extinguishing media known. Do not use a heavy water stream.

Special hazards arising

Reactivity:

from the substance or

mixture:

Stable at ambient temperature and under normal conditions of use.

Advice for firefighters: Firefighting Instructions:

Use water spray or fog for cooling exposed containers. Exercise caution when

fighting any chemical fire. Prevent fire-fighting water from entering

environment.

Protection during firefighting:

Do not enter fire area without proper protective equipment, including

respiratory protection.

Section 6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures:

For non-emergency personnel:

Emergency Procedures: Evacuate unnecessary personnel.

For emergency responders:

Protective Equipment: Equip cleanup crew with proper protection.

Emergency Procedures: Ventilate area.

Environmental Prevent entry to sewers and public waters. Notify authorities if liquid enters Precautions: sewers or public waters.

Methods and Materials for Methods for Cleaning up:

Containment and Cleaning Soak up spills with inert solids, such as clay or diatomaceous earth as soon

as possible. Collect spillage. Store away from other materials.

Reference to other

sections:

See Heading 8. Exposure controls and personal protection.

Section 7. Handling and Storage

Precautions for Safe

Handling:

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor.

Conditions for Safe Storage, Including any Incompatibilities:

Storage Conditions:

Keep only in the original container in a cool, well ventilated place away from: Strong acids, strong bases and oxidation agents. Keep container closed when

not in use.

Incompatible Products: Strong bases. Strong acids.

Incompatible Materials:

Sources of ignition. Direct sunlight.

Storage Temperature:

5 - 35°C

No additional information available. Specific End use(s):

Section 8. Exposure Controls/Personal Protection

Occupational Exposure

Limits

Ingredient Name ACGIH TLV OSHA PEL STEL

Personal Protective Equipment

Goggles, Gloves

Exposure Controls:

Appropriate Engineering Controls:

Ensure good ventilation of the work station.

Personal Protection Equipment: Avoid all unnecessary exposure.

Hand Protection Wear protective gloves.

Eye Protection:

Chemical goggles or safety glasses.

Respiratory Protection: Wear appropriate mask.

Other Information:

Do not eat, drink or smoke during use.

Explosive Properties: Not expected to be a fire/explosion hazard under normal conditions of use.

Oxidizing Properties: Not classified as oxidizing.

Other information: No additional information available.

Section 10. Stability and Reactivity

Reactivity: Stable at ambient temperature and under normal conditions of use.

Chemical Stability: Stable under normal conditions.

Possibility of Hazardous

Reactions:

None under normal use.

Conditions to avoid: Direct sunlight. Open flame. Extremely high or low temperatures.

Incompatible Materials:

Strong acids. Strong bases.

Hazardous Decomposition Fumes. Carbon monoxide. Carbon monoxide.

or Byproducts:

Section 11. Toxicological Information

Information on **Toxicological Effects:** Acute Toxicity: Not classified.

Skin Corrosion/Irritation: Not classified.

Serious Eye Damage/Irritation: Not classified.

Respiratory or Skin Sensitization: Not classified.

Germ Cell Mutagenicity: Not classified.

Carcinogenicity: Not classified.

Reproductive Toxicity: Not classified.

Specific Target Organ Toxicity (Single Exposure): Not classified.

Specific Target Organ Toxicity (Repeated Exposure): Not classified.

Aspiration Hazard: Not classified.

Section 12. Ecological Information

Toxicity: No additional information available.

Persistence and Moisturizing Oral Gel: Not established.

degradability:

Bioaccumulative potential: Moisturizing Oral Gel: Not established.

Mobility in soil: No additional information available.

Section 13. Disposal

Waste Treatment Methods: Waste disposal recommendations:

Do not flush into surface water or sewer system. Dispose in a safe manner in

accordance with local/national regulations.

Ecology - waste materials: Avoid release to the environment.
