

## Canes

McKesson canes provide a convenient, affordable and lightweight mobility solution for those who experience pain, weakness or mild balance issues that make walking difficult. Quad canes are ideal for users who require more stability and support. Unlike most walkers, standard style canes and small base quad canes generally fit on an average depth stair. McKesson also offers convenient folding canes for ease of portability and storage. McKesson canes deliver ease of use, convenient height adjustability and reliable performance.

### Features and Benefits

- Standard style canes for enhanced maneuverability allowing use in narrow spaces such as staircases
- Aluminum construction ultra-lightweight solutions and steel options for users requiring added strength and durability
- Various ergonomic designs include round, T-shaped, and offset handle style options accommodate user's strength, hand size, and intended use
- Vinyl, foam/rubber, gel, silicone gel, and molded wooden grips for varying levels of comfort, durability, and user's grip strength
- Packaged for retail use
- Not made with natural rubber latex
