

## Canes

McKesson canes provide a convenient, affordable and lightweight mobility solution for those who experience pain, weakness or mild balance issues that make walking difficult. McKesson offers a selection of canes in a variety of colors, heights, materials, handle types and base types. Quad canes are ideal for users who require more stability and support. Unlike most walkers, standard style canes and small base quad canes generally fit on an average depth stair. McKesson also offers convenient folding canes for ease of portability and storage. McKesson canes deliver ease of use, convenient height adjustability and reliable performance.

### Features and Benefits

#### Folding T-Handle Aluminum Cane

- Manufactured with durable extruded aluminum tubing to support users up to 300 lbs
- Standard-style cane for enhanced maneuverability allowing use in narrow spaces such as staircases
- Folds into four convenient parts and includes plastic carry case for easy travel and storage
- Intuitive push-button design enables easy height adjustments in 1-inch increments from 33 to 37 inches
- Attractive wood handle with brass collar
- T-shaped handle designed to provide secure grip and better distribute weight over the cane
- Available in black and bronze
- Not made with natural rubber latex
- HCPCS: E0100

#### Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.

#### Never Compromise on Care<sup>SM</sup>

With McKesson Brands, you'll never have to compromise. We deliver quality products at competitive prices, backed by our 100% satisfaction guarantee. We have decades of experience in the market, and we offer you support and work to help ensure you have the products you need, when you need them—making it even easier for you to provide the best care for your patients.

The product information contained in this document, including the product images and additional product materials, was collected from various supplier sources. ## Features and Benefits

### Round-Handle Aluminum Cane

- Simple design with scratch-resistant chrome finish
- Smaller than standard canes, round handle with vinyl grip designed for user comfort and to accommodate small hands
- Manufactured with durable extruded aluminum to support users up to 300 lbs
- Intuitive push-button design allows easy height adjustments from 29.75 to 38.75 inches
- Locking ring prevents rattling
- Not made with natural rubber latex
- HCPCS: E010

### Offset-Handle Aluminum Cane

- Manufactured with durable extruded aluminum tubing to support users up to 300 lbs
- Ergonomically-designed offset handle with soft foam rubber grip and wrist strap to reduce hand pressure and increase stability
- Offset handle designed to effectively aid walking by better distributing weight over the cane
- Intuitive push-button design enables easy height adjustments from 30 to 39 inches
- Locking ring prevents rattling
- Not made with natural rubber latex
- HCPCS: E0100

### Offset-Handle Steel Cane

- Manufactured with heavy-duty steel tubing to support users up to 500 lbs
- Ergonomically-designed offset handle with vinyl contoured grip and wrist strap for durability, comfort and convenience
- Offset handle designed to effectively aid walking by better distributing weight over the cane
- Easy-to-use, dual-button height adjustment enables handle heights from 29.75 to 37.75 inches
- Locking ring prevents rattling
- Not made with natural rubber latex
- HCPCS: E0100

## Features and Benefits

### Small Base Quad Cane

- Quad cane style provides greater stability than standard canes
- Small base to balance the maneuverability of a standard-style cane and the stability of a large-base cane
- Stand-alone capability for convenience when not in use, easily balances without requiring surface to lean on and does not require user to bend to pick up from the floor
- Intuitive push-button design with locking bolt provides quick and secure height adjustments from 30 to 39 inches
- No assembly required
- Not made with natural rubber latex
- HCPCS: E0105

### Large Base Quad Cane

- Quad cane style provides greater stability than standard canes
- Large base maximizes cane stability
- Stand-alone capability for convenience when not in use, easily balances without requiring surface to lean on and does not require user to bend to pick up from the floor
- Intuitive push-button design with locking bolt provides quick and secure height adjustments from 29 to 37.5 inches
- Manufactured with steel construction for lasting support
- No assembly required
- Not made with natural rubber latex
- HCPCS: E0105
