

Dual-Head Stethoscopes

McKesson Dual-Head Stethoscopes feature a combination diaphragm/bell chestpiece for wide frequency response. They feature adjustable binaurals with PVC eartips and optional comfort-fit, soft eartip replacements are also included. The proprietary diaphragm design helps provide better acoustic performance than traditional models. The flexible PVC tubing comes in four unique colors. This classic dual-head stethoscope is available in adult, pediatric and infant sizes. An individually packaged, pre-assembled dual-head stethoscope designed for single-patient use is also available.

Features and Benefits

- Combination diaphragm/bell chestpiece for wide frequency response
- Lightweight aluminum chestpiece construction
- Non-chill bell and diaphragm rim for patient comfort
- Proprietary diaphragm design enhances acoustic response
- Adjustable aluminum binaurals with PVC eartips
- Choice of four tubing colors
- One-year warranty
- Not made with natural rubber latex

Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.
