

Perry® Latex Surgical Gloves

McKesson Perry® latex surgical gloves offer three powder-free options designed to help protect both patients and caregivers during critical procedures. The micro-thin finish option provides a reliable grip, high tactile sensitivity and comfortable double gloving. Brown glove color helps reduce light glare and reveals under glove breaches. The regular and AquaTouch™ smooth options have an anti-slip finish. AquaTouch™ also features an added capability that helps to rehydrate the skin. McKesson Perry® latex surgical gloves help eliminate powder-related, post-operative complications.

Features and Benefits

- Sure-Fit™ technology design and beaded cuff for enhanced roll down protection
- Sterilized and intended for single use to help ensure patient safety
- Available in various sizes ranging from 5.5 to 9
- Packaged in dedicated left/right sterile pairs
- Made of natural rubber latex

Satisfaction Guaranteed

If you are not completely satisfied with any McKesson Brands product, you may return it for a full refund or credit.
