

## Calculi Strainers

McKesson Calculi Strainers are designed to catch and filter out small kidney stones and other foreign material from the urine quickly and easily. They are disposable, come in a white funnel shape and are fitted with an ultra-fine mesh bottom. McKesson Calculi Strainers are designed to be easy to handle and clean, allowing medical professionals to execute specimen collection with efficiency and ease.

### Features and Benefits

- Mesh screen is optimal size for filtering the foreign material while allowing unobstructed flow-through
- Built-in tab for easier handling and sanitary conditions
- Durable white plastic construction
- Rinsable plastic allows single patient use for several days
- Not made with natural rubber latex
