

## LIQUIBAND® Exceed™ Topical Skin Adhesive

McKesson LIQUIBAND® Exceed™ Topical Skin Adhesive is a sterile, single-use, octyl cyanoacrylate tissue adhesive designed for the closure of both trauma and minor surgical wounds. This liquid bonding agent aims to be as effective as stitches in holding many cuts, wounds and incisions together, and may also eliminate the need for dressings. LIQUIBAND® is designed to seal the wound quickly as it forms a strong microbial shield to help protect wounds while they heal.

### Features and Benefits

- No-clog applicator facilitates simple and precise dosage
- Enhanced 100% octyl formulation with increased viscosity
- Easy-to-use foam-tip applicator offers precise control for wide and fine line applications
- Preassembled; ready for immediate use
- Saves time—no dressings; no suture/staple removal
- Microbial barrier helps protect the wound
- Showering possible
