

# RAINBOWAIR™ Products

Activator 2000 Series II

**RAINBOWAIR**. Activators have been the brand of choice since the late 1980's for hotel owners, apartment managers, police evidence rooms, restoration companies, auto dealers, detail shops, carpet cleaning companies, dry cleaners, etc... With 4 models to choose from and ozone levels ranging between 250 mg/hr and 2000 mg/hr, it is easy to see why **RAINBOWAIR**. Activators are asked for by name. Whatever the application, whatever the odor, Rainbowair has the ozone unit you are looking for.
