## 2-30" Wall Panels with Windows for 8' Sheds

### Accessory Kit #0121

ASSEMBLY  
INSTRUCTIONS AND  
OWNER'S MANUAL

Save this instruction in the event that the manufacturer has to be contacted for replacement parts.

**\*\*A MINIMUM OF TWO ADULTS ARE REQUIRED FOR ASSEMBLY\*\***

## BEFORE BEGINNING ASSEMBLY

Identify and inventory all parts using the checklist boxes on the Parts List. Keep the hardware bags and their contents separate. If any parts are missing, call our Customer Service Department.

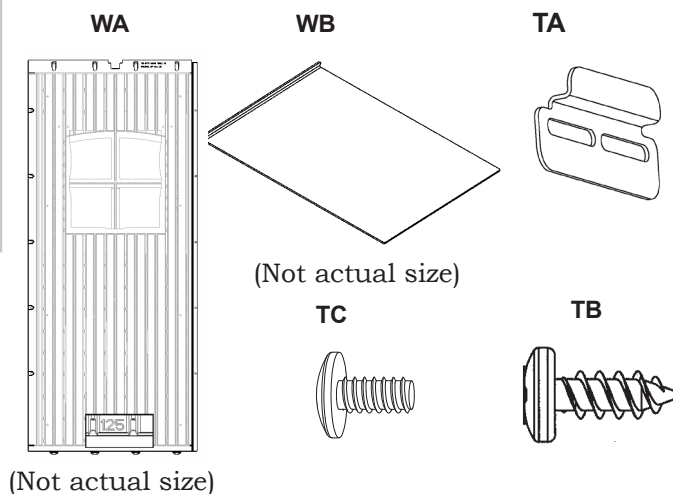

## Parts List

ID	Part #	Description	Qty
WA	ZS12582	Window Wall Panel	2
WB	ZS01200	Window	2
<b>Hardware Bag [1013714]</b>			
TA	1007360	Window Latch	4
TB	BS07500	.25" x .625" Screw	35
TC	BS06100	#10 x 3/8" Pan Head Screw	2

### Tools and Materials Required for Assembly (Not Included)

1. #2 Phillips screwdriver or Electric drill with phillips head

**HARDWARE IS ACTUAL SIZE**  
(unless otherwise indicated)

## SAFETY INSTRUCTIONS

**FAILURE TO FOLLOW THESE WARNINGS MAY RESULT IN SERIOUS INJURY OR PROPERTY DAMAGE AND WILL VOID WARRANTY.**

To ensure safety, do not attempt to assemble this shed without following the instructions carefully. Check entire box and inside all packing material for parts and/or additional instruction material. Before beginning assembly, read the instructions and identify parts using the hardware identifier and parts list in this document. Proper and complete assembly, use and supervision are essential for proper orientation and to reduce the risk of accident or injury.

- Do not use or store hot objects such as grills, blowtorches, welding equipment, etc. in the shed.
- If using a ladder during assembly, use extreme caution.
- Two capable adults are required for shed assembly. (It is also recommended that a third adult function as an instruction reader.)

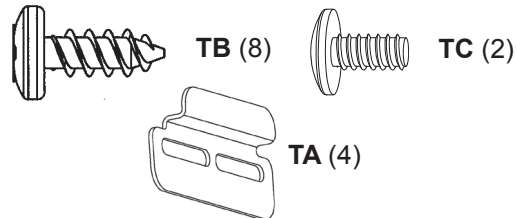

*Most injuries are caused by misuse and/or not following instructions. Use caution when using this shed.*

**Note:** Follow the step below to assemble both window wall panels in this kit, and then determine which option applies to your situation and follow the directions under that option.

## 1 Assemble Window

(Repeat step for both windows)

Remove plastic sheeting from **Window (WB)** and slide Window into slot on the **Window Wall Panel (WA)**. Attach a **Window Latch (TA)** above each corner of the Window as shown. When tightening **Screws (TB)**, be sure that Window Latches will slide freely. Do not overtighten. Insert **Screw (TC)** into the hole in the window. Set panel aside.

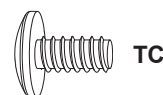

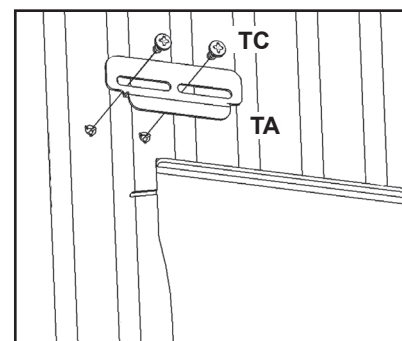

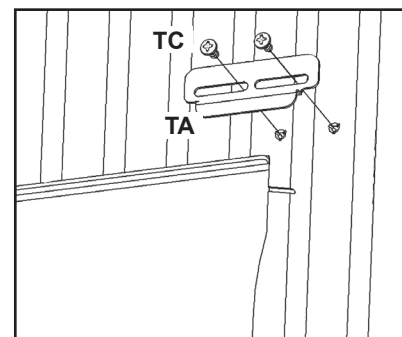

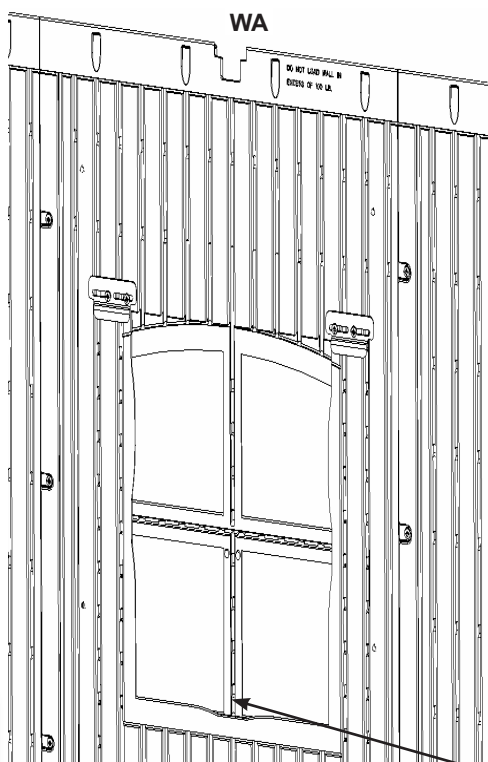

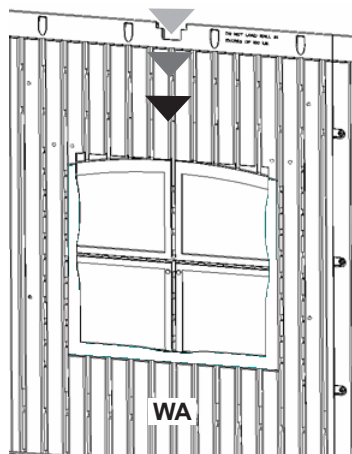

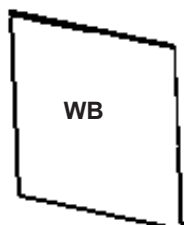

Hardware Bags:

Sacs d'accessoires : 1013714

Screwdriver

Tournevis

Place Screw (TC) in this hole to keep window from sliding up too far. Insert until flush with the window.

**NOTE**  
Insert window with bent edge at top and pointing away from the wall.

## 2 Select an Option

**Option 1: Add Window Wall Panels to a New Shed**

**Option 2: Add Window Wall Panels to an Existing Shed**

## Option 1: Add Window Wall Panel to a New Shed

**Opt. 1.1:** To add the Window Wall Panels to a new 8' shed, simply insert the window wall panels in place of two of the regular wall panels. Refer to the assembly instructions in the Owners Manual for assistance.

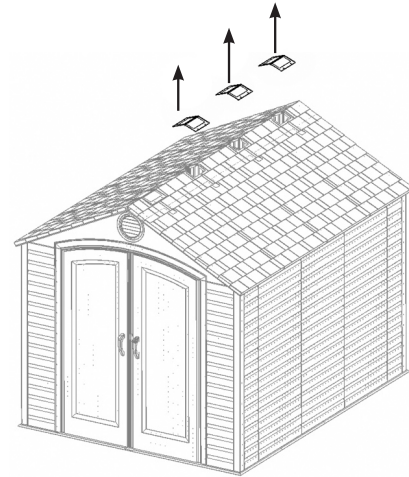

---

## Option 2: Add Window Wall Panels to an Existing Shed

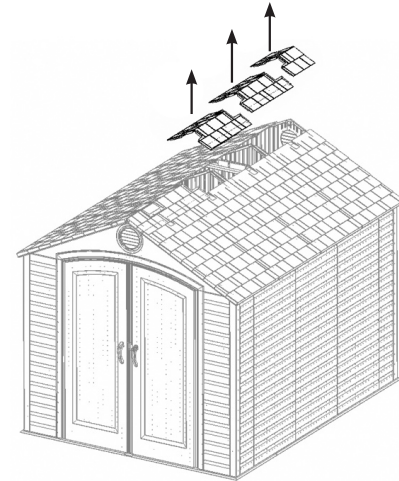

**\*\*Save all hardware for re-assembly!\*\***

**Note:** Keeping hardware separated according to where it came from will make reassembly easier.

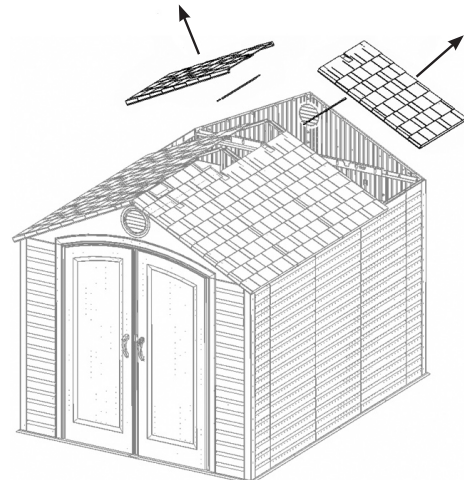

**Opt. 2.1:** Remove last three **Skylights**. Save and set aside with hardware.

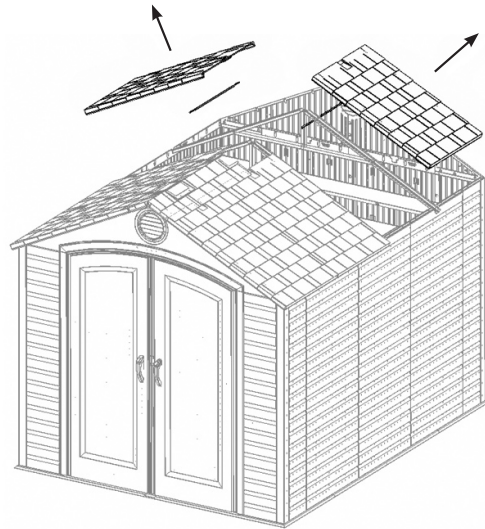

**Opt. 2.2:** Remove the last three **Roof Caps**. Save and set aside with hardware.

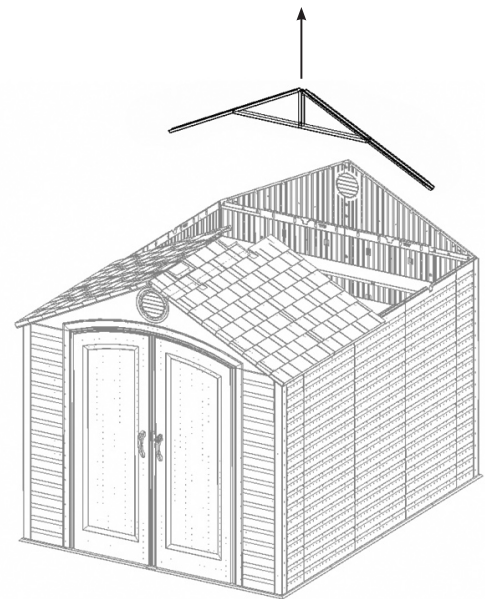

**Opt. 2.3:** Remove the back **Roof Panels** and **Roof Support Bars**. Save and set aside with hardware.

**Opt. 2.4:** Remove the next **Roof panels** and **Roof support bars**. Save and set aside with hardware.

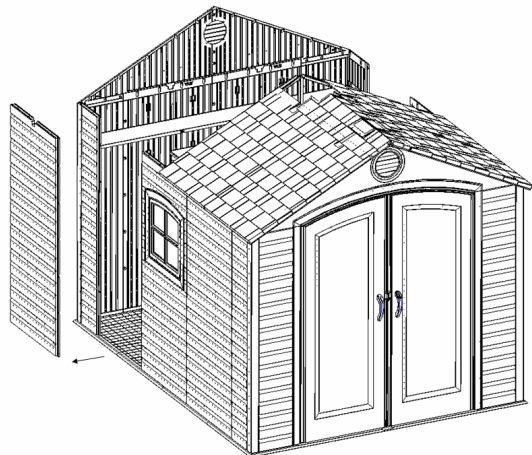

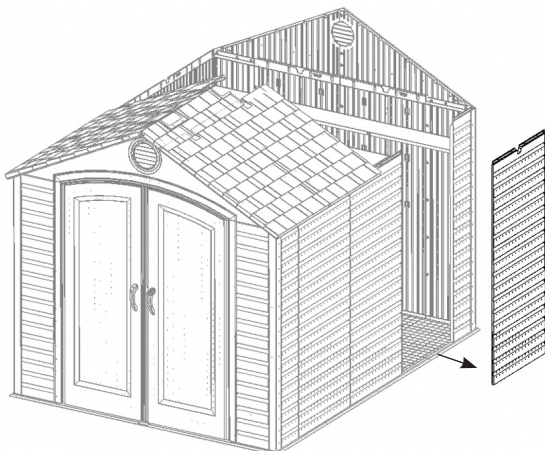

**Opt. 2.5:** Remove the **Roof Truss**. Save and set aside with hardware.

**Note:** You may need to remove additional roof and truss parts to expose the unwanted Wall Panels (see steps 2.1 - 2.5).

**Opt. 2.6:** Remove unwanted **Wall Panels**.

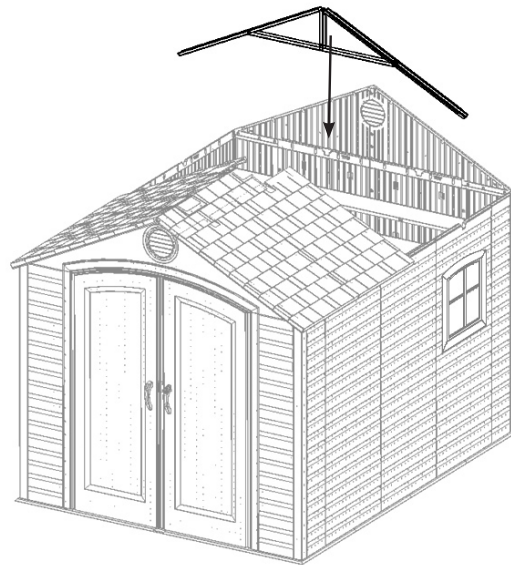

**Opt. 2.7:** Insert the new **Window Wall Panels (WA)** in place of the wall panel you removed and attach with **.25" x .625" Screws (TB)**. If you have not yet attached the window to the wall panel, refer to the section Assemble Window on page 3 for instructions.

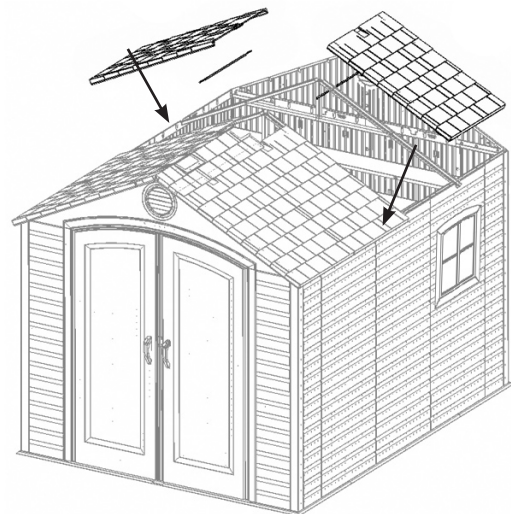

**Note:** You may have more roof and truss parts to replace, than what is shown below (dependant on what steps 2.1 - 2.5).

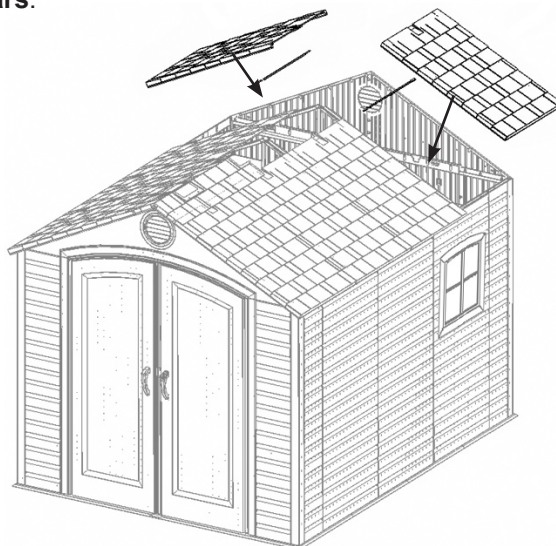

**Opt. 2.8:** Replace the **Roof Truss**.

**Opt. 2.9:** Replace the **Roof Panels** and **Roof Support Bars**.

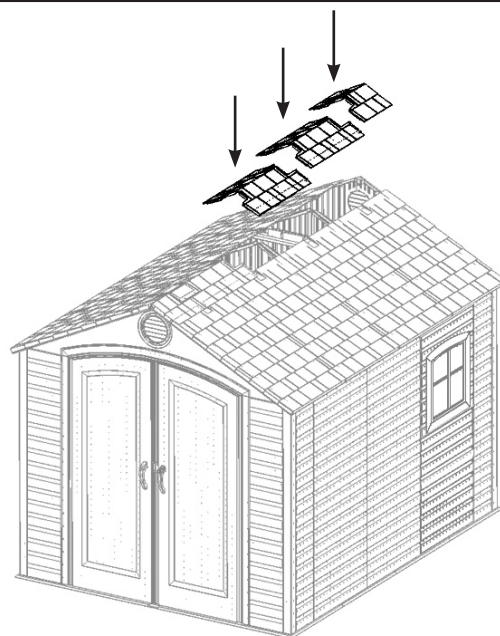

**Opt. 2.10:** Replace the back **Roof Panels** and **Roof Support Bars**.

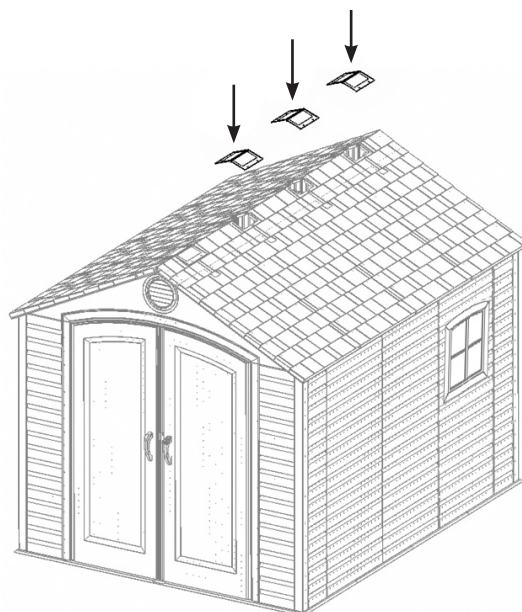

---

**Opt. 2.11:** Replace the last three **Roof Caps**.

---

**Opt. 2.12:** Replace last three **Skylights**.

---

**Congratulations on your Lifetime® Outdoor Shed purchase. By following the instructions below, your new Lifetime shed should provide you with years of service and enjoyment.**

**Cleaning and Care**

The polyethylene walls and shelves are stain- and solvent resistant. To clean, use a mild soap and a soft-bristled brush. Abrasive cleaning materials may scratch the plastic and are not recommended. Repair scratches or rust spots on the metal by Sanding the affected area lightly; using a rust preventative spray primer; and finally, spraying with a high-gloss spray enamel paint. Avoid placing a direct heat source on or near surfaces unless using a heat barrier.

*Most injuries are caused by misuse and/or not following instructions. Use caution when using this shed.*

**Note:** Follow the step below to assemble both window wall panels in this kit, and then determine which option applies to your situation and follow the directions under that option.

## 1 Assemble Window

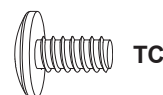

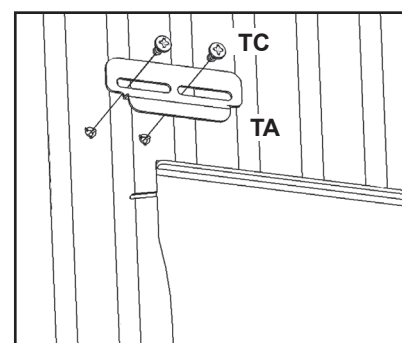

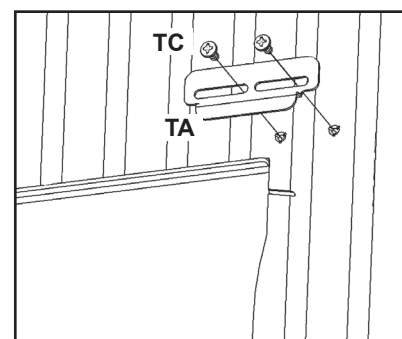

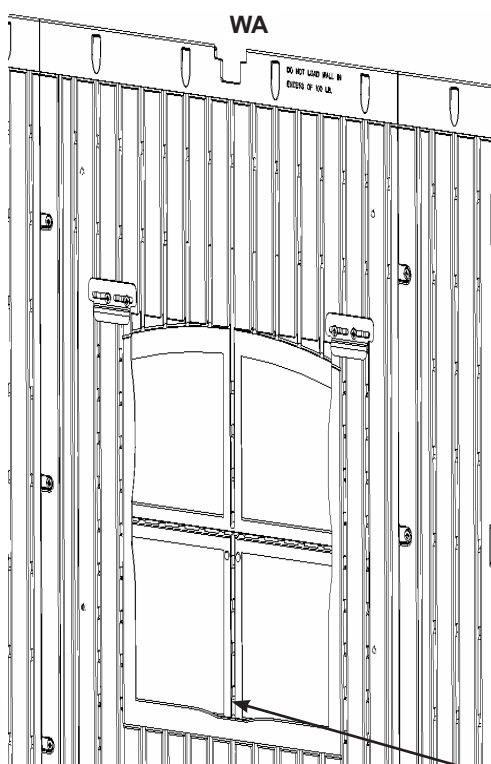

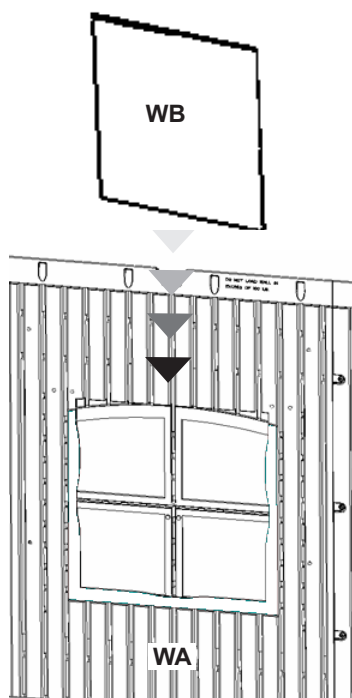

(Repeat step for both windows)

Enlever la protection en plastique de la fenêtre (WB) and slide Window into slot on the Window Wall Panel (WA). Fixez un loquet de fenêtre (TA) au-dessus de chaque angle de fenêtre, comme illustré. Lorsque vous serrez les vis (TB), assurez-vous que les loquets glissent librement. Ne serrez pas excessivement. Introduisez la vis (TC) dans l'orifice de la fenêtre. Posez le panneau de côté.

Sacs d'accessoires : 1013714

Tournevis

Placez une vis (TC) dans cet orifice pour empêcher la fenêtre de trop glisser vers le haut. Poussez-la jusqu'à ce qu'elle soit en affleurement avec la fenêtre.

**NOTE**  
Insert window with bent edge at top and pointing away from the wall.

## 2 Select an Option

**Option 1: Add Window Wall Panels During New Shed Installation**

**Option 2: Add Window Wall Panels During to an Existing Shed**

## Option 1: Add Window Wall Panel to New Shed

**Opt. 1.1:** To add the Window Wall Panels to a new 8' shed, simply insert the window wall panels in place of two of the regular wall panels. Refer to the assembly instructions in the Owners Manual for assistance.

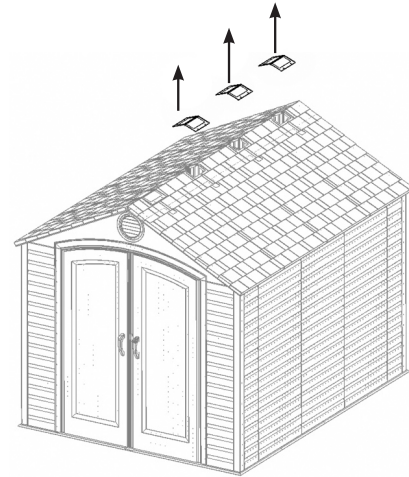

---

## Option 2: Add Window Wall Panels to an Existing Shed

**\*\*Save all hardware for re-assembly!\*\***

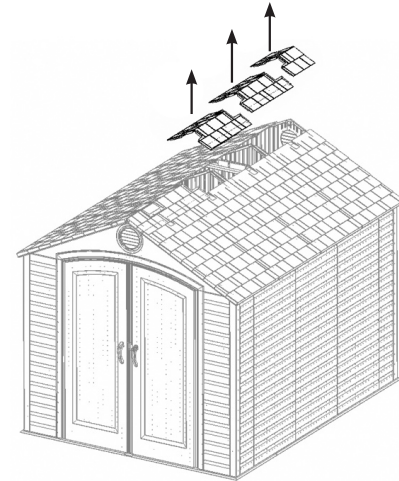

**Note: Keeping hardware separated according to where it came from will make reassembly easier.**

**Opt. 2.1:** Enlevez les trois dernières Fenêtres de toit. Save and set aside with hardware.

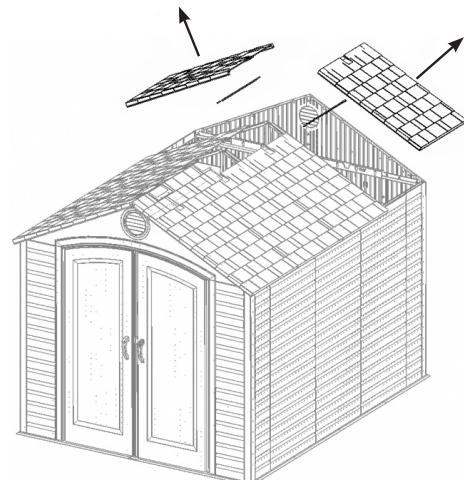

---

**Opt. 2.2:** Remove the last three **Roof Caps**. Save and set aside with hardware.

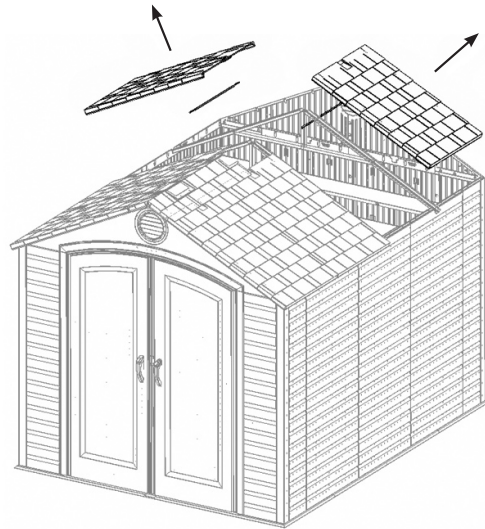

---

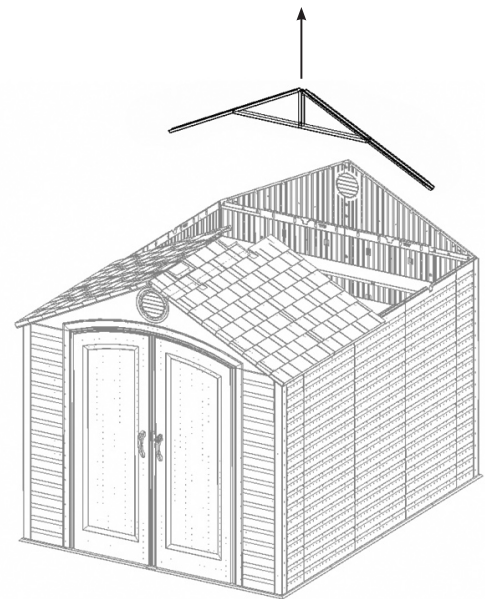

**Opt. 2.3:** Remove the back **Roof Panels** and **Roof Support Bars**. Save and set aside with hardware.

**Opt. 2.4:** Remove the next **Roof panels** and **Roof support bars**. Save and set aside with hardware.

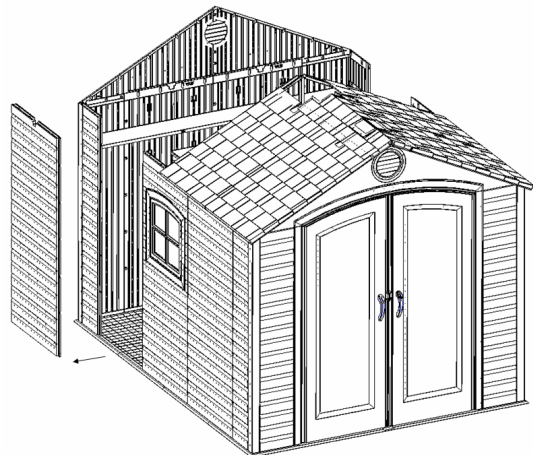

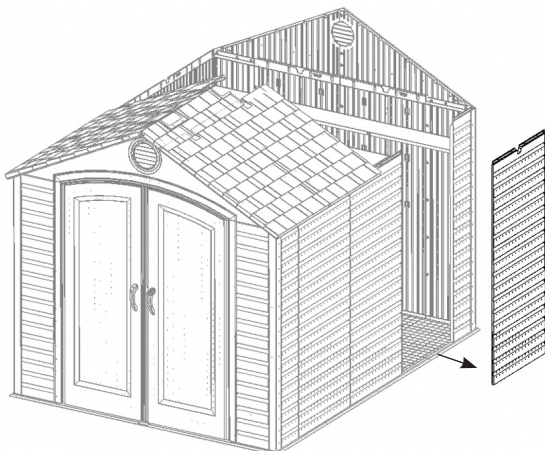

**Opt. 2.5:** Remove the **Roof Truss**. Save and set aside with hardware.

**Note:** You may need to remove additional roof and truss parts to expose the unwanted Wall Panels (see steps 2.1 - 2.5).

**Opt. 2.6:** Remove unwanted **Wall Panels**.

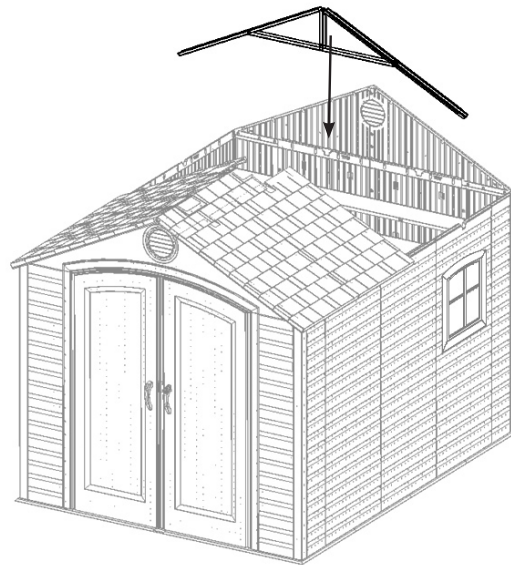

**Opt. 2.7:** Insert the new **Window Wall Panels (WA)** in place of the wall panel you removed and attach with **.25" x .625" Screws (TB)**. If you have not yet attached the window to the wall panel, refer to the section Assemble Window on page 3 for instructions.

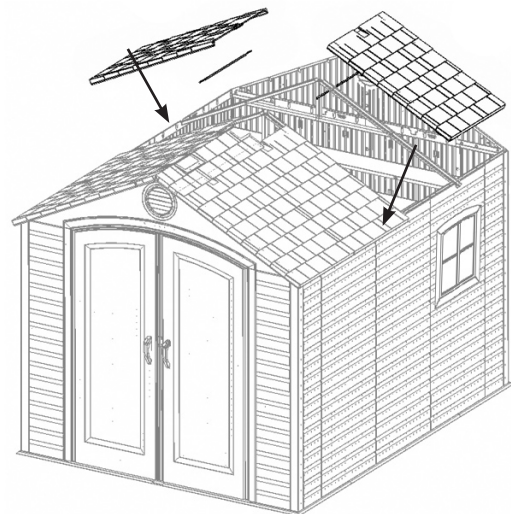

**Note:** You may have more roof and truss parts to replace, than what is shown below (dependant on what steps 2.1 - 2.5).

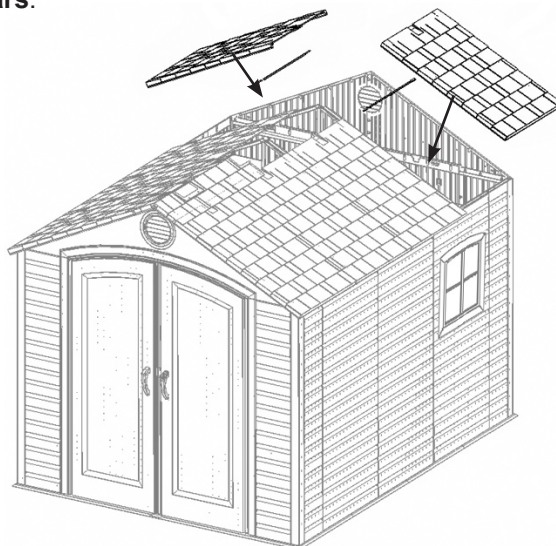

**Opt. 2.8:** Replace the **Roof Truss**.

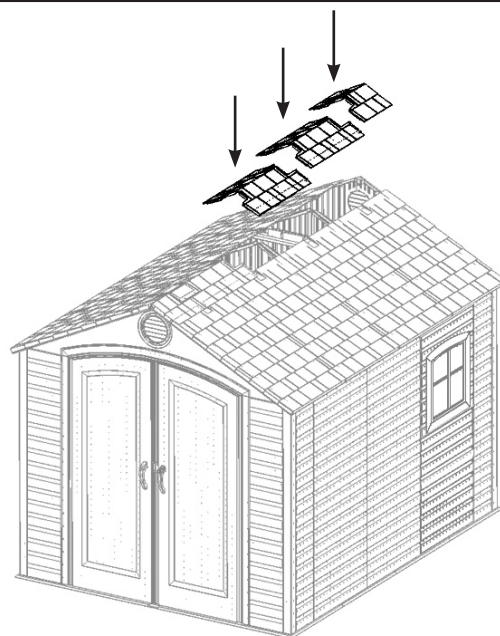

**Opt. 2.9:** Replace the **Roof Panels** and **Roof Support Bars**.

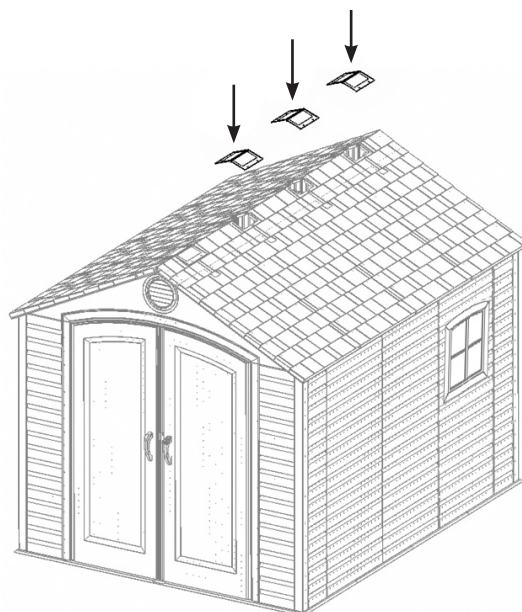

**Opt. 2.10:** Replace the back **Roof Panels** and **Roof Support Bars**.

**Opt. 2.11:** Replace the last three **Roof Caps**.

**Opt. 2.12:** Replace last three **Skylights**.
